MERCER OLD HOME DAYS CELEBRATING 80 YEARS

DEDICATION

We would like to dedicate this year's Town Report to Scott D Howard Sr.

Scott was part of the fabric of our town. He could be seen at work on any given day in any part of town be it for a private owner or working for the community directly. You might encounter him at the store talking to his friends there or keeping up on town politics. The work and dedication Scott showed this town for so many years are very much appreciated and will be greatly missed. It seems, however, as though that loss is secondary to the loss of his presence daily amongst us all. Driving

to the store and not seeing his truck out front in the morning or driving along the dirt roads and not running into him just seems odd. Most of us that have lived here long enough have run into Scott in those mundane every day circumstances literally hundreds of times and Mercer just isn't quite the same without it. Those daily interactions with folks we have known for years are what really give a town a sense of community and he was a valued and long lasting part of ours. Scott gave us all an example of quiet, hard-working, consistency and this town has been left so much the better for it.

Assessors Report

Every year new construction and additions to existing structures are visited and assessed, as well as properties which are reported or known to have had structural damage or structure removal. In addition, approximately one quarter of the 473 residential and seasonal properties in Mercer are visited each year. The purpose of the visits for previously assessed properties is to verify the accuracy of property records against the physical facts. For the most part this did not involve entering the buildings, as the primary focus is on the size and number of structures, and secondarily the existence of utilities such as electricity, wells and septic systems.

Some properties were found to have additional structures or notable improvement; some structures were found to have degraded; a few had deteriorated seriously. This verification process should continue annually, with approximately 25% of Mercer properties being visited each year, to satisfy the State Law requiring all properties to be visited every 4 years.

All property is assessed based on its condition on April 1st. If you purchase or sell property after April 1st, the owner of the property as April 1st will still receive the tax bill per state law.

All non-exempt personal property located on your land (including travel trailers not registered/excised) on April 1st are taxed to the land owner unless claimed by another Mercer resident. **Everyone is required by state law to list their personal property with the assessors by April 1st of each year.** Personal Property forms are available at the town office. If you have paid excise tax on a piece of equipment please mark your list accordingly so it isn't taxed twice.

2016 State Valuation for Mercer : \$60,150,000

2017 State Valuation for Mercer : \$62,250,000

The Mercer Assessors receive an annual visit from the state.

ASSESSORS' NOTIFICATION TO TAXPAYERS

Information on all properties in Mercer are available for inspection or review by taxpayers and the public during regular office hours. Requests related to property taxes, tax policy or law, tax exemptions, etc. are processed as quickly as possible.

In order for the Town of Mercer to maintain fair and equitable assessments and accurate information for the allocation of municipal property taxes, taxpayers are asked to provide up to date information about their property. Please contact the Town of Mercer Assessors (587-2911) located at 1015 Beech Hill Road, Suite A, Mercer, Maine 04957.

- 1 - if you have constructed, altered or removed any buildings since April 1, 2016 and on or before April 1, 2017
- 2 - if you have started a new business, to obtain forms for filing a list of your business furniture and equipment
- 3 - if you have taxable* personal property items (*individual item with value greater than \$1000)

In accordance with Title 36, Section 706 of the Maine Revised Statutes, failure to furnish lists of taxable property or any of the aforementioned changes on or before the dates requested will bar one's right of an abatement of taxes.

**** See Notification to Assessors Form on Page 12**

- 4 - if you think your property should have an exemption, and you are not already receiving it

All notifications and applications for exemption must be made no later than April 1, 2017, for the 2017 tax year. In the case of property owned by individuals, there are possible exemptions for certain veterans, blind persons, and homestead owners as described below.

Veterans who will be 62 years of age on or before April 1, 2017, or any widow or minor children of veterans who would have been 62 years of age as of April 1, 2017 **may be** eligible for a tax exemption. **Veterans** receiving a 100% disability pension from the Veterans Administration **may be** eligible for an exemption. Applications for veteran's exemption must be made with this office on or before April 1, 2017. If you are currently receiving a veteran's exemption, you do not need to reapply.

Any person who is declared blind by a Licensed Doctor should notify Assessors on or before April 1, 2017 to see if he or she is eligible for a tax exemption. If you are already receiving such an exemption, you do not need to reapply.

Homestead

A person who owns his or her own home and has owned a home in Maine for at least 12 months prior to April 1, 2017 can apply for a Homestead Exemption. The application needs to be received by April 1, 2017. One can only receive this exemption on the home that is his or her residence. If you are currently receiving this exemption, and you still reside in the same home, you do not need to reapply.

INDEPENDENT AUDITORS REPORT

January 13, 2017

Board of Selectmen
Town of Mercer
Mercer, Maine

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities and the major fund of Town of Mercer, Maine, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Town of Mercer, Maine as of December 31, 2016 and the respective changes in financial position, and where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

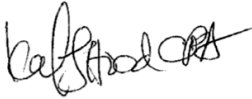

Required Supplementary Information

Management has omitted Management's Discussion & Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. My opinion of the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtain during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated January 13, 2017, on my consideration of Town of Mercer, Maine's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

A handwritten signature in dark ink, appearing to read 'K. J. Anderson', is written over the bottom of the text block.

TOWN OF MERCER, MAINE
Notes to Combined Financial Statements
December 31, 2016

1. Summary of Significant Accounting Policies

The Town of Mercer was incorporated in 1804. The Town operates under the Board of Selectmen/Town Meeting form of government.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Town has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Town has chosen not to do so. The more significant accounting policies established in GAAP and used by the Town are discussed below.

A. Reporting Entity

In evaluating how to define the reporting entity, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit is made by applying the criteria set forth in GAAP which defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. Based upon the application of these criteria, there were no potential component units required to be included in this report.

B. Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the non fiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

1. Summary of Significant Accounting Policies, continued

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town has elected not to allocate indirect costs among the programs, functions and segments. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Licenses, permits, fees, excise taxes and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Interest income and charges for services are recorded as revenues when earned, since they are measurable and available.

Those revenues susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the Town and are recognized as revenue at that time.

1. Summary of Significant Accounting Policies, continued

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as needed.

The Town reports the following major governmental fund:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Additionally, the Town reports the following fund types:

Fiduciary Funds

Fiduciary funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

Private-purpose trust funds are used to report trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

D. Capital Assets

Capital assets, which include property, plant, and equipment are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical costs or estimated historical cost if purchased or constructed. Donated capital assets are

1. Summary of Significant Accounting Policies, continued

recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives ranging from 3 to 50 years.

E. Fund Equity

Restricted fund balance indicates that a portion of the fund balance is restricted in use by donors. Committed fund balance indicates that a portion of the fund balance is constrained for a specific future use, and is indicated by the title of each purpose listed in the balance sheet. Committed fund balances are voted on at Town Meetings. Assigned fund balances indicate amounts which either are intended to be carried forward by law or contractual agreement, or which the Board of Selectmen has voted to carry forward.

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Budgetary Accounting

A budget is formally adopted for the General Fund, only, through the passage of a Town warrant, and is prepared on a basis consistent with generally accepted accounting principles.

In the General Fund, the level of control (level at which expenditures may not exceed budget and applied revenues) is the accounts within each department. Unexpended appropriations and unexpended revenues are lapsed at the close of the year. Once adopted, the budget can only be amended by the townspeople at a special Town meeting.

3. Deposits

At year end, the Town's carrying amount of deposits was \$381,181. The bank balances for all funds totaled \$429,511. Custodial credit risk is the risk that, in the event of a bank failure the Town's deposits might not be recovered. As of December 31, 2016, all of the Town's deposits were insured or collateralized.

4. Property Tax

Property taxes for the year were committed on July 27, 2016, on the assessed value listed as of April 1, 2016, for all taxable real and personal property located in the Town. Payment of taxes was due at the

date of commitment with interest at 7.00% on all tax bills unpaid as of September 26, 2016.

Assessed values are periodically established by the Town's Assessor at 100% of assumed market value. The assessed value for the list of April 1, 2016 upon which the levy for the year ended December 31, 2016, was based, was \$56,109,180. This assessed value was 100% of the estimated market value.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as deferred revenues.

5. Operating Property

Operating and nonoperating property are recorded at cost or, in the case of contributed property, at the fair market value at the date of acquisition. The Town of Mercer has elected to not retroactively record infrastructure (roads) constructed prior to 1979. Depreciation is computed on the straight line method based upon the estimated useful lives of the assets as follows:

Governmental Activities:	Balance January 1 2016	Increases	Decreases	Balance December 31 2016
Assets not being depreciated

6. Assigned Revenues

The Town has set aside certain balances for accumulation until expenditure in future years. These accounts were as follows at December 31, 2016:

State revenue sharing	\$ 18,273
Local road assistance	<u>14,579</u>
Total	\$ <u>32,852</u>

7. Unassigned General Fund Fund Equity

The unassigned General Fund fund equity reflected a change for the current year as follows:

Balance - January 1, 2016	\$	250,234
Increase (Decrease):		
Actual over(under) budgeted revenues	57,388	
Actual under budgeted expenditures	41,064	
Budgeted utilization of fund equity	(66,440)	
Net Increase (Decrease)		32,012
Balance - December 31, 2016	\$	<u>282,246</u>

8. Committed for Capital Purchases

Historically, the townspeople vote to raise certain balances in anticipation of expenditure for capital items in future years. This is usually in lieu of additional appropriations in any particular account.

9. Restricted endowments

Some donated balances are limited in use and are reserved for the purpose for which they were created, these funds include \$10,754 in nonexpendable endowments.

Village cemetery	980
Pressey prize fund	1,970
True prize fund	1,756
Ethel Springer trust	6,048
Totals \$	<u>10,754</u>

10. Risk Management

The Town of Mercer is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town maintains insurance coverage for part of its risk management. Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. The Town's management

estimates that the amount of actual or potential claims against the Town as of December 31, 2016, will not materially affect the financial condition of the Town.

11. Subsequent Events

The Town's management has concluded that no events that occurred prior to December 31, 2016 and before January 13, 2017 require disclosure as subsequent events.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

January 13, 2017

Board of Selectmen
Town of Mercer, Maine

I have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Town of Mercer, Maine as of and for the year ended December 31, 2016, which collectively comprise Town of Mercer, Maine's basic financial statements and have issued my report thereon dated January 13, 2017. I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing my audits, I considered Town of Mercer, Maine's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Mercer, Maine's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Town of Mercer, Maine's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Mercer, Maine's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audits, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Selectmen, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE

Dear Citizens of Mercer:

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities continues to be the reduction and eventual elimination of the income tax. Raising the minimum wage is not the path out of poverty; I want Mainers to earn a career wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our young people here. It shows the nation that we are serious about wanting people and businesses to come—and stay—in Maine.

Unfortunately, voters approved a referendum question to raise the income tax to 10.15% on successful Maine households and small businesses. Enacting the second highest income tax rate in the country shows the nation we are eager to punish people for being successful. It will drive them out of our state and make it even more difficult to attract much-needed doctors, dentists, scientists, engineers and other professionals to Maine. They can live in neighboring New Hampshire, which takes no income tax from their paychecks. Even worse, there is no guarantee the extra revenue from this tax will go to fund education, as proponents promised.

As successful people leave Maine, state and municipal government will lose the significant amount they pay in property, sales and incomes taxes. This will put even more upward pressure on local property taxes. Municipalities will have to get more creative to provide local services without increasing property taxes. Reforming the tree growth program, collecting property taxes on land in conservation or preservation programs, charging a payment in lieu of taxes on state land that is taken off the property tax rolls and having non-profit organizations pay a two-percent tax on their net revenues are all ways for municipalities to increase revenues.

Such bold measures would take strong leadership and commitment from local officials and residents. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

RULES AND ADMINISTRATION

Dear Friends of Mercer,

Since being sworn into the Senate in 2013, I have made it my mission to address at the federal level the most important issues facing our great state. Working closely with my colleagues in the Maine Congressional Delegation, we've been able to successfully secure a number of legislative victories that support our state's economy, our rich traditions, and the hardworking people I am proud to represent.

In an increasingly polarized Congress, my goal as an Independent is to put partisanship aside, build consensus and further common-sense solutions to address the needs of the American people. To this end, I have co-founded the Former Governors Caucus, a group of former state executives who are frustrated with legislative gridlock and eager to find bipartisan solutions. And as always, I aim to bridge the partisan divide by hosting barbeque dinners in Washington with colleagues ranging from Ted Cruz to Elizabeth Warren. If you know a person's children, then you see them as a mother or father and not a rival vote, and working to further personal dialogue and build relationships can lay the foundation for successful legislation.

One of the accomplishments of which I am most proud is the legislative victory that protects our college students and their families from an expensive hike in student loan interest rates. In 2013, as students faced a significant spike in interest rates that would have taken thousands of dollars out of their pockets, I brought together colleagues from across the political spectrum to broker compromise legislation called the Bipartisan Student Loan Certainty Act. Thanks to this bill, students will save \$50 billion over the next 10 years by lowering their interest rates, which means that a student in Maine will now save between \$3,000 and \$6,000 over the life of their loan.

Being an Independent in the Senate has allowed me to make calls and vote on policies that are best for Maine, but it has also made it possible to play key roles in finding simple solutions and legislative fixes that make good commonsense to both parties. Of course, much of what we do in the Senate doesn't happen on the Senate floor, or even in committee. Instead, it involves working across all levels of government to ensure the State of Maine receives attention and support from the federal government.

Take, for example, the opioid and heroin epidemic devastating communities across our state. While Congress has passed legislative solutions aimed at expanding access to medical treatment, I've also pressed for other changes that can be accomplished more quickly and make a more immediate difference in Maine. For example, I successfully urged the U.S. Department of Health and Human Services to increase the number of patients to whom a doctor can provide medication-assisted treatment, and in 2015 brought the Director of the Office of National Drug Control Policy to Brewer to meet directly with Mainers and hear their stories. I've also engaged law enforcement – including the Drug Enforcement Agency – to crack down on the production of opioids and work to limit their diversion. Together, Senator Collins and I helped pass the Northern Border Security Review Act to combat drug and human trafficking along our border with Canada.

While the opioid epidemic is certainly our biggest public health crisis, job loss in Maine is still our number one economic problem and that's why we need to focus on bringing good paying jobs back to Maine and protecting the ones we still have. As a member of the Armed Services Committee, I teamed up with Senator Collins and Representative Poliquin to successfully secure a provision in the defense bill that can help domestic shoe manufacturers like New Balance. The three of us also worked together with the Department of Commerce to establish an Economic Development Assessment Team, known as an EDAT, to assist Maine's forest industry in the wake of several mill closures. We have an incredible spirit of innovation and ingenuity in Maine and I believe finding ways to invest in that spirit will reignite Maine's forest products sector and our economy. Part of our economic path forward must also include expanding access to high-speed broadband, which can help connect our businesses and communities to information and economic opportunities.

RULES AND ADMINISTRATION

As a member of the Senate Armed Services and Intelligence Committees, I work to keep Maine and our nation safe. Part of that important work means continuing to work for funding for the construction of Navy ships that will be used to protect American interests across the globe. We all know that "Bath Built is Best Built," which is why I've fought to authorize funding for Navy ships built at BIW. The best way to preserve peace is by deterring war through unassailable strength, and to do that we must support our shipbuilders and our brave service members and invest in our military. I strive to meet this solemn responsibility every day as a member of these committees, which is why I hardly ever miss a hearing and take great care in overseeing the agencies sworn to keep us safe. Armed Services Chairman John McCain called me "one of the most serious and hard-working members" of the Committee, and that's a humbling compliment from a true American hero.

As always, please call or write me with thoughts or concerns with matters currently before Congress, or if you need assistance navigating a federal agency. As a public servant, it is critical to me to listen and learn from you, which is why staying connected with people from all over our beautiful state remains a top priority for my work in the Senate. Please call my toll-free line at 1-800-432-1599 or one my offices: Augusta: (207)622-8292, Bangor: (207)945-8000, Presque Isle (207)764-5124, Scarborough (207)883-1588, or Washington, D.C. (202)224-5344. You can also write me on our website at www.king.senate.gov/contact. It is an honor and a privilege serving the people of Maine in the Senate, and I look forward to working with you in our search for a more perfect Union.

Sincerely,

Angus S. King, Jr.

United States Senate

WASHINGTON, DC 20510-1904

Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments.

Growing our economy by encouraging job creation remains a top priority. The tax relief bill enacted during this last Congress contains provisions I authored to provide small businesses with the certainty that they need to invest, grow, and, most important, hire new workers. The 2017 National Defense Authorization Act includes a provision the Maine delegation worked together to champion requiring that military recruits be provided with athletic footwear made in America, as is required for other equipment and uniform items whenever possible. This is a great victory for our troops and for the 900 skilled workers at New Balance factories here in Maine.

Maine's contributions to our national security stretch from Kittery to Limestone. As a senior member of the Appropriations Committee, I successfully advocated for critical funding for projects at the Portsmouth Naval Shipyard and \$1 billion towards the construction of an additional ship that will likely be built at Bath Iron Works. This funding will strengthen the Navy and our national security, and the additional destroyer will help meet the Navy's goal of a 355-ship fleet.

Maine's growing population of older individuals creates many challenges. That's why, as Chairman of the Senate Aging Committee, my top three priorities are fighting fraud and financial abuse directed at our nation's seniors, increasing investments in biomedical research, and improving retirement security.

The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for senior citizens to report suspected fraud and receive assistance. Last May, a call to the hotline helped lead to the arrest of a national crime ring targeting seniors, and in June I worked to secure the humanitarian release of a Maine senior who had been imprisoned in Spain after being victimized by an international drug smuggling scam.

The Aging Committee also released an extensive report detailing the findings of our bipartisan investigation into the abrupt and dramatic price increases for prescription drugs whose patents expired long ago.

I advocated strongly for the \$2 billion increase in funding for the National Institutes of Health to advance research on such diseases as diabetes and Alzheimer's. I also championed and authored portions of the 21st Century Cures Act that will further support biomedical innovation and make significant reforms to our mental health system.

The Senate also took steps in the past year to combat the nation's heroin and opioid epidemic by passing the Comprehensive Addiction and Recovery Act (CARA), which I was proud to cosponsor. CARA is a monumental step forward in our effort to address the devastating addiction crisis affecting countless families and communities across the country and right here in Maine.

A Maine value that always guides me is our unsurpassed work ethic. In December 2016, I cast my 6,236th consecutive vote, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Mercer and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Augusta state office at (207) 622-8414 or visit my website at www.collins.senate.gov. May 2017 be a good year for you, your family, your community, and our state.

Sincerely,

Susan M. Collins

Annual Report to the Town of Mercer

A Message from Senator Rod Whittemore

Dear Friends and Neighbors:

Let me begin by thanking you for allowing me the honor of serving you in the Maine Senate. I am humbled that you have put your trust in me for a fourth term and can assure you I will continue to work tirelessly on your behalf. This serves as a brief recap of the 127th Legislature, as well as my hopes for the upcoming 128th Legislature, which convened in December.

Last year we continued the work of reforming our state's welfare system and achieved the long sought-after goal of banning the purchase of alcohol, tobacco and lottery tickets with welfare benefits. While there is more work to be done, I believe these efforts will help to deter such abuse of the system and help ensure that benefits are going to those who truly need them.

The Legislature also worked in a bipartisan fashion to address the drug crisis affecting our state. We approved of 10 new drug enforcement agents, as well as provided funding for treatment programs and drug use prevention efforts. I believe such a comprehensive approach is essential.

As Chair of the Insurance and Financial Affairs Committee, my priority will continue to be addressing the high cost of health care for our state. It is also clear that we must continue to do all we can to attract more jobs to Maine and keep our young people living and working here. To that end, I will work to advocate for proposals which will expand economic opportunity for all Mainers. It is my hope the Legislature can once again work together to find good solutions to the issues facing our state.

You have my humble and sincere thanks for allowing me to represent you in Augusta. Please feel free to contact me at 287-1505 or rodwhittemore@gmail.com if you have comments, questions or if you would like assistance in navigating our state's bureaucracy.

Sincerely,

Rodney Whittemore

January 2017

Dear Friends and Neighbors,

First, I would like to thank the residents of Mercer for re-electing me as your State Representative. I take this responsibility very seriously and look forward to the 128th Legislature to continue the progress toward making Maine an affordable and hospitable place to live, work and enjoy!

I have again been asked to serve on the Joint Standing Committee of Insurance and Financial Services for the 128th Legislature. It is an honor and a privilege as Maine citizens deserve a government that represents the needs of all citizens, and I intend to honor that duty. Some of my priorities this First Session are to continue to move Maine citizens from poverty to prosperity. I will continue to promote fiscal responsibility with common sense tax reform, as this serves *all* Mainers. I have also heard the voices of all Mainers that protecting the public and improving Maine schools are your priorities and that also makes them mine.

I was elected to the Maine Legislature on the promise to represent you, the people of District 108. I will be seeking your input regularly and want to hear from you with your comments and concerns. Please call me anytime at **287-1440** or email John.Picchiotti@Legislature.Maine.gov to keep me updated on those concerns. If you would like to be added to my email update list, you can do so by emailing me directly with your request.

Thank you again, for giving me the honor of serving you in Augusta!

Sincerely,

John Picchiotti

- Rabies Facts -

What is Rabies?

- Rabies is a deadly disease that attacks the nervous system. The virus lives in the saliva of infected animals. Rabies is fatal once it reaches the brain.
- The rabies virus only infects mammals, which puts pets, livestock, wildlife, and people at risk.

How is rabies spread?

- The Rabies virus is spread mainly through bites from infected animals. The disease can also be spread when infected saliva comes in contact with

open wounds, skin breaks, or mucous membranes. Most often, domestic animals such as dogs, cats, and farm animals pick up the virus from wild or stray animals. The animals most commonly affected

- include raccoons, skunks, bats, and foxes.

How to Protect Yourself and Your Family

- Avoid contact with all wild animals.
- Never feed a wild animal or take it into your house.
- Stay away from strays and other people's pets. Report strays to your local health department or animal control officer.

How to Protect Your Pets

- Have your pets vaccinated.
- Never feed pets outdoors and confine them to your property.
- Act on any attack or animal bite suffered by your pet. Immediately contact your veterinarian and animal control authority

The Signs of Rabies

- "Dumb Rabies"- The animal may become shy or hide. This may be followed by sluggishness, confusion, and depression.
- "Furious Rabies"- The animal may become excitable and aggressive. It can go from being confused and calm to immediately attacking.

Other signs include

- Daytime activity in animals normally active at night
- Staggering weakness, and paralysis
- A change in the sound of the animal's voice
- Inability to eat or drink
- Drooling
- Convulsion

What to do if You are Bitten

- Wash the wound thoroughly with warm, soapy water.
- Call the local animal control authorities or local law enforcement officials.
- If the animal is a pet, get the owner's name and address and ask for proof of rabies vaccination.
- Call your physician at once.
- Report the bite to local health and animal control official

Shaw Library Annual Report 2016

2016 seemed to go by very quickly and it was a quieter year for the library. We had no restructuring or construction that we were working on. A lighted OPEN sign was added to our window for easier visual confirmation.

There were almost 1,000 visits and we have over 6,200 books on our shelves. The public continues to be very generous in their giving of "like new" books. The books that we cannot use (duplicates etc.) are being forwarded to the Togus VA. We are also using different options in our purchasing of books that is more cost effective.

The board accepted Christina Bourassa's resignation with regret and the Alternate Trustee, Christy Vasvary has stepped in to finish her term. Thank you ladies.

It was decided that for the winter hours this year Tuesday and Thursday would be changed to 1:30 to 4:30. That seems to be working very well.

Families are invited to frequent the Library often. We have quite extensive children and adolescent collections. Students are encouraged to visit the library and make use of our computers and printers.

Thank you to all who continue to support our town's Shaw Library. The Librarians also want to thank the Trustees for their hours and hours of time volunteered to make this a "Happening" place.

HISTORICAL SOCIETY ANNUAL REPORT

Within the last year we have established 501/C3 (tax free) status; seen the shed roof built over the rear stairways, some exterior painting (though much more remains to be done); some display improvements and new donations to our collections. We have answered several calls for help with ancestry and participated in the Old Home Day parade. One time consuming effort was to apply for a grant from the Morton Kelly Charitable Trust to build an internal stairway between floors. Although we were turned down we learned much about what should go into a successful application and new efforts will be made this year. We have many needs that will require volunteer as well as financial help. Speaking of that, I want to thank those who have generously contributed to our general fund including gifts from Great Pond Marina, and Blue Ribbon Farm. We are confident there are many who are grateful that Mercer has a safe repository where photos, letters, and interesting artifacts will be preserved, but we may not know who you are or how to reach you. So please drop us a note at Mercer.historical@gmail.com and we will, at your request, put you on our mailing list for events at the society. Thank you and please come see what's going on at the old Shaw building or look for us on Facebook: The Mercer, Maine Historical Society

Chris Beeuwkes, President

Mercer Community Club

January 2017

Another year down in what seems like the blink of an eye. This was a year of contribution for the Community Club, in all aspects. We had several of the younger generation assist with the fall festival by facilitating activities and games; we helped Mercer Old Home Days celebrate their 80th anniversary by partaking in their weekend of events; and we supported the Methodist Church by participating in their annual craft fair.

During 2016 we also experienced some sadness. We saw the loss of the After School and Young at Heart programs due to the unavailability of qualified interns as well as volunteers. These two programs were well sought by our community members and it was difficult to see them go. This is the prime reason that we greatly encourage community members to get involved. It's the support from our community, more than just monetary, that allows us to provide the programs in place at the Community Center.

We are especially proud of the activities and events we offer to community members at no charge, including the annual Easter Egg Hunt and Fall Fun Fest. For the first time this year, we held a pot luck dinner, which provided an opportunity for community members to get together at no cost except for providing a casserole, salad or dessert to share.

In the upcoming year, we plan to undertake a couple of small projects that will provide to be beneficial improvements to the Community Center, even if only to dress up its appearance.

There will be a survey available at the Mercer Town Meeting, as well as voting day. Please take the time to complete this as it will help assist us in determining what the community is currently interested in, as it is always changing!

We greatly appreciate those town members who volunteer their time to keep the building in shape. The Community Center continues to be booked by outside parties for personal or group events and we need to keep the structure in shape to encourage use by outside parties. We also want individuals to know that we have tables and chairs for rent for private events. Please contact the Town Office for details.

We welcome you to visit our website at mercercclutterfly.com. This site is updated for upcoming events at the Community Center as they occur. As always, we appreciate any feedback or ideas for events. And if you feel you have some free time on your hands, join us as a member!

Planning Board Report

Planning Board meetings are held at the Town Office in the meeting room every Third Tuesday of each month at 7 p.m.

This year the planning board had 5 applications submitted and deemed completed to the board. All those applications were approved. They are as follows:

- 1 New Construction
- 1 Addition
- 1 Road
- 2 Frost Walls

In conclusion we have a little bit of business here on the board this year. As always I would like to thank all the members of the planning board they are all vital members of our community and of the board. I would like to give also special thanks to Harriett Varney and Norman Redlevske. Harriett or better known as Fran is a vital role in the town period. She always helps when needed and does other duties that she doesn't have to be responsible for, and she never complains about doing it. Norman our code enforcement officer is another vital role for the board. He is the eyes and ears for board on matters when there is any discussion on a topic for board. So thank you both!

January 2017

In 2016 we celebrated the 80th Annual Mercer Old Home Days, and we'd like to thank you for a huge turnout. Beginning Friday night with Comedian, Juston McKinney and continuing into the weekend with a wide variety of events. Saturday featured a parade through town and ending at the Community Center, special thanks to Mercer C.E.R.T for traffic control. Craft Fair, Vendors, Kids Activities, Alpacas, Lobster Dinner, and a Street Dance provided something for everyone. Sunday's events were of a more traditional nature with a Turkey Pie Lunch, a Lemonade Social on the lawn of the Meeting House and the annual Program. We'd like to thank our generous sponsors, volunteers and community members for making the weekend so successful. To see all the details and photos from the weekend, visit www.facebook.com/mohd80th

2017 will bring additional projects and repair to the Mercer Meeting House. As an aging building, we strive to ensure its structural support and preserve its historical integrity. In the year to come, we aim to solidify its foundation (currently on granite piers), repair/replace the two main front doors, and repair the putty on the windows. It's thankless work, but is necessary in order to ensure it's survival for generations to come.

The Meeting House is available for your upcoming wedding or vow renewal. Please contact Amy for details or a showing.

We are always looking for volunteers who are interested in preserving history and working on small projects in and around the building. If you'd like to join us, please let us know! We'd love to hear from you.

North Pond Association Report

Dear Selectmen, Budget Committee Members and Voters,

December 16, 2016

I am writing to introduce myself as the new president of North Pond Association, to inform you of NPA's continuing investments of time and money to protect North Pond, and to ask for your financial support.

My wife and I moved next door to the Smithfield School (now the town office/fire dept.) in 2004. We were drawn to the area in part by the beauty of North Pond. We swam in and skated on the pond, and in 2010 we got our first boat to explore the Belgrade Lakes, but mostly to enjoy North Pond. At the same time we joined NPA. Later I joined The Board, and now I'm president. I tell people that NPA is about doing good, taking good care of the watershed.

Last summer the NPA membership voted in favor of investing over \$8,000 in the North Pond Survey. Dozens of paid professionals and volunteers put in months of planning and three days of boots on the ground work. The company we hired stated our mission best: "Identify potential sources of pollution and provide treatment recommendations that can help protect and improve the water quality of the lake." This is the third largest investment NPA has made since 1985. We have every reason to expect a great return on investment: a more beautiful and pure North Pond.

Another way we protect North Pond is through our Courtesy Boat Inspection program, and I am writing to ask for your support in the amount of \$1,000. In 2016 we inspected 1,600 boats (a dozen years ago, the number of inspections was just over 200). NPA committed \$9,000 in support of the CBI program which paid for almost 900 hours of inspections. Over sixty volunteer hours were logged as well. Most importantly, 292 plant fragments were removed from boats (The lake with the second highest number of fragments had only 19!). Luckily none of the fragments were invasive, such as milfoil. Still the average lake depth of 15 feet makes North Pond ideal for milfoil. That shallowness, the significant boat and trailer traffic, and the prevailing West winds that carry fragments down the lake from the boat ramp are all reasons for concern. Please help us remain well staffed and vigilant at the boat ramp with a \$1,000 donation for 2017.

For two years I've volunteered to do Invasive Plant Patrols and to take the scientists out who do the water testing every month. I've seen firsthand how much better our water quality is compared to other Belgrade Lakes, and the scientists who test all the lakes agree. I was raised to be modest, but I have to say we in the NPA and our allies are doing great work. Thank you for supporting us in the past. I hope our collaboration will continue in 2017.

Sincerely,

Doug "Woody" Woodsum

Mercer Rescue Report

Dear Residents,

Let me first start out by saying- thank you for your support! The development of the town's first responder rescue service, started in early March of 2016. Mercer Rescue's startup, at times felt tedious, as we pushed through the months of red tape to ensure its development. After purchasing the necessary medical equipment and training of personnel- I am happy and proud to announce for 2017 that Mercer Rescue is in full operation and providing emergency medical care to those residents in need- whether it be due to sickness, car accidents or any other medical/trauma related emergency, our professionally trained and State licensed Emergency Medical Responders and Emergency Medical Technicians will be there to assist you; especially when timing is crucial, such as for heart attacks, strokes or difficulty breathing.

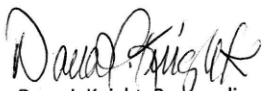

How it works-

When you call 911 for any medical emergency, your call goes to the Somerset Communications Center in Skowhegan, the communications center then dispatches Mercer Rescue along with a Redington Fairview EMS ambulance (also located in Skowhegan). Mercer Rescue, in most cases, will arrive within minutes to start treating you as our EMTs are local volunteer residents. We carry specialize equipment and certain medications for basic life support needs. Once the ambulance arrives, they will continue your treatment and transport you to the hospital if needed.

We welcome anyone interested in training to become a First Responder or EMT- to join Mercer Rescue. If you would like more information, the town office has our contact information.

Thank you again for your continued support of Mercer Rescue. Let's all look forward to a safe and healthy year!

Respectfully,

SOMERSET COUNTY SHERIFF'S OFFICE

2016 Annual Communication

Dale P. Lancaster
Sheriff

As your Sheriff, I would like to provide you with a summary of the responsibilities of the Somerset County Sheriff's Office and some of the highlights from the 2016 calendar year. The Sheriff's Office is responsible for the county jail, law enforcement, court security, civil process, and the Madison Division. Somerset County is approximately 4000 square miles. Presently there are ten rural patrol deputies, one of which is dedicated to patrolling the unorganized territories, and four Madison Division deputies to handle calls for service. The Detective Division has three detectives and a Lieutenant to investigate serious crimes.

Law Enforcement

- This year deputies were trained and carry Narcan in all our patrol vehicles. To date we have saved two lives.
- All Sheriff's Office patrol vehicles are now equipped with in-car cameras.
- The Sheriff's Office was awarded \$90,562 in grant funding during 2016. These funds were used to address traffic safety, to update approximately half of our patrol vehicle mobile data terminals, and to make updates to equipment in need of replacement without effecting the taxpayers.
- We have dedicated significant time updating policies and procedures to stay current with the latest policing standards.
- The Somerset County Sheriff's Office has partnered with the MDEA to enhance our drug enforcement by adding a dedicated MDEA agent.

Jail

- To reduce the possibility of contraband being introduced into the jail the county has procured a BSCAN body scanner.
- Substantial steps have been taken toward national accreditation for the jail. Our goal is to complete this process by the spring of 2018.
- At the end of 2016 the Somerset County Jail was awarded a \$169,000 grant. This grant enables us to add a caseworker and resources for the purpose of addressing substance abuse treatment, and to facilitate resources outside the jail in the hopes of reducing recidivism.
- The Somerset County Jail processed 1,680 bookings in 2016.

Civil Process

- The Somerset County Sheriff's Office civil deputies received 2,563 papers to process in 2016.

Calls for Service

- In 2016 the Sheriff's Office received 12,706 calls for service from our citizens. This represents a 9.4% increase over calls for service in 2015.
- During 2016 the Sheriff's Office responded to 194 calls for service from the Town of Mercer. These calls included 25 accidents, 22 motor vehicle complaints, 18 burglar alarms, 12 animal complaints, 9 harassment complaints, 7 motor vehicle stops, and several responses to domestic disturbances, thefts, and welfare checks.

The following graphs represent our calls for service:

The Somerset County Sheriff's Office is dedicated to providing an exceptional level of service to the citizens that we serve.

Norridgewock Fire Department Report

The Norridgewock Fire Department would like to thank the community, business owners, mutual aid towns, Mercer C.E.R.T, Town of Norridgewock employees, along with our Firefighter families for their continuous support throughout the past year. The Department currently holds a roster of 20 volunteer Firefighters. If you're interested in becoming volunteer, please contact the Town Office or see Chief Jones at Dave's Service on Wade Street for more information.

After moving into the new station just over a year ago, it is starting to feel like home. We are very fortunate to have such a state of the art facility. Thank you Chief Jones, all the Norridgewock Firefighters, townspeople, and Blaine Casey Construction for building the new Fire Station. We did have an open house which was a huge success on March 12, 2016. We had well over 250 people from all areas of the state.

We would like to welcome our newest member to the team, Tanisha Corson. Norridgewock's first woman firefighter in its 105 year history. She joins her husband, Josh on the team. Welcome aboard!

Alternate heating in Maine is second nature to most residents as well as being very efficient and economical in our homes today. Before installing that wood or pellet stove, be sure you have a professional install it and if not the case, be sure you abide by the manufacture's recommended installation instructions. For your family's safety, you should have a professional inspect your installation. And as always, dispose of the ashes appropriately. Refer to your homeowner's insurance company and / or the Maine Fire Marshall's Office for assistance on [wood stove installation](#). If looking for someone to clean your chimney, we keep a list of reputable chimney sweeps in the area at the fire station. For you self-help residents, there is a brush kept at Dave's Service to be checked out free of charge.

*Carbon Monoxide (CO) is always on our minds with the Maine inclement weather and loss of electrical power. So please heed to CO! You cannot see it, taste it, or smell it, as it's called the **SILENT KILLER**. Please, if you lose your electrical power and run a generator or any other internal combustible engine, PLEASE operate it **OUTSIDE** and not inside your home, garage, or cellar. Be sure the generator is properly installed by professionals. Also do your family a favor and purchase a carbon monoxide detector for that peace of mind. It could save your life! If you think you may have CO in your home, some of the symptoms may be nausea, fatigue, dizziness, or headaches. EVACUTE immediately and call **911**. Go to [Maine.gov](#) for more info.*

Sadly, Maine finished the year with 20 fire deaths. That's down from 25 last year. Be sure you have good working smoke detector, no older than 10 years to include fresh batteries, changed at the time you change the clocks. Let's bring these numbers down to zero with education utilizing our Fire Safety House in our schools to start!

As always, we want to stress the importance of dialing 911 instead of any other non-emergency number. Our Department is NOT staffed at the station on a regular basis so it is imperative for everyone to call the emergency phone line at 911 to expeditiously start the emergency services in the quickest means possible. Our non-emergency number is 634-2208 and you can also call the non-emergency Somerset Communications Center phone number at 474-6386. If you wish to speak to a Firefighter or need a burn permit during normal business hours, please

contact Chief Jones at 634-3330, call the Town Office at 634-2252, or the towns' website at www.townofnorridgewock.com under the Fire Department link for more options.
